Beth Gallaway  
504 Ocean Blvd. #1  
Hampton, NH 03842

Dear Beth:

I wanted to thank you very much for the Dance Dance Revolution and Guitar Hero Night program that you presented here at the Library on August 14, 2007. The teens were so excited about this event and you really delivered – not least of which by maintaining your cool while coping with the various hardware conundrums I presented you with upon your arrival.

I appreciate all of the preparation that obviously went into this program and your level of professionalism. The students particularly appreciated the free flow of the event, and the ability to try so many different games. You were a tremendous hit with our very hard to please middle school-aged male patrons. My only problem is that now they want to have this as a regular (monthly) program! I will talk you up to the other librarians looking for cool events; please feel free to use your experience here at the Library as a reference. Thanks again.

Best regards,

  
Michele Augeri  
Young Adult Librarian
